Dear Mr. Larter:

Thank you for your Freedom of Information Act (FOIA) requests dated November 21, 2016, received by email, in which you requested the following documents related to LCDR Lin's court-martial:

- A copy of the matrix submitted by the government and amended by the defense that matches LCDR Edward Lin's charges with corroborating evidence.
- A copy of the transcript deposition of Janice Chen, a Taiwanese official, in the case of LCDR Edward Lin which has been entered into evidence
- A copy of the transcript of LCDR Edward Lin's interrogation by investigators after his Sept. 11, 2015 arrest in Honolulu
- A copy of the transcripts of LCDR Edward Lin's conversations with the undercover FBI agent known to him as Katherine Wu.

Since all of these requests deal with the court-martial case of LCDR Edward Lin, they have been consolidated and will be treated as one request. This consolidated request was assigned case file number USFF 2016-09-001453.

We note that you requested expedited processing of your FOIA request. Per 32 C.F.R. § 701.8 (f)(5), expedited processing is granted only when a requester can demonstrate a compelling need for the requested information and shows that the information has a particular value that would be lost if not processed on an expedited basis. A compelling need exists under any of three circumstances: (1) when failure to obtain the records could reasonably be expected to pose an imminent threat to the life or physical safety of an individual; (2) when the requester is an individual primarily engaged in disseminating information and the records requested concerns a breaking news story of general public interest; or (3) when failure to provide the information will result in loss of substantial due process rights.

After careful consideration of your request, this office finds that you have not clearly demonstrated how the information will lose its value if not processed on an expedited basis. Therefore, your request for expedited processing is denied. Please be advised that, although your request for expedited processing has been denied, your FOIA request has been assigned to a FOIA Specialist and a records search has been initiated. Consequently, processing will be accomplished as quickly as possible.
